WASHINGTON, Jan. 16 .- The last nall was driven into the coffin of King Alcohol to-day, when the Legislature of Nebraska fatified the prohibition amendment to the Constitution. Montenegrins Revolt Against Serb Troops; 20,000 Insurgents Occupy Several Towns

WASHINGTON, Jan. 16 .- Occupation of Montenegro by Serbian troops has resulted in a revolt by the Montenegrins, according to an official statement issued here to-night at the Montenegrin Legation.

Insurgents numbering about 20,000 have succeeded in occupying several towns from which the Serbian forces were driven. The Insurgents, the announcement said, have sent a delegation to King Nicholas at Paris, asking that American troops be sent to Montenegro to preserve order.

Some weeks ago the State Department was informed by the Montenegrin Committee for National Unity that a convention of representatives duly chosen by the Montenegrin people had met and deposed King Nicholas and voted to join the country with the federation of the Serbs, Slovenes and Croats under the Serbian dynasty.

Later representatives of the Assembly went to Belgrade to report this action and the country was formally accepted by the King Regent as a part of greater Serbia.

The Montenegrin Government has insisted and has so informed the State Department that the Assembly which deposed King Nicholas was without authority as it never had been legally formed.

Staff Correspondent of THE SUN. Panis, Jan. 16 .- A canvass of the intelligent opinion represented at the peace conference falls to disclose thus far any great hope of immediate and drastic limitation of armaments re-
